

# Certificate of Trust

This Certificate is Offered To :

**novcom**

CT Defense SRL performed a **Web and Mobile Security Assessment** to assess the risk that a real-life, targeted attacker poses to the security and integrity of the **mednet patient environment**.

The security assessment was performed on the dates between the **19th of October, 2022**, and the **4th of November, 2022**.

CT Defense is **CREST certified** and the engineers performing the assessment are certified with **OSCP**.

Overall, CT Defense SRL assessed the application at **low risk**, as no high-risk issues have been identified in the mednet API.

The application has no unmitigated risks and we are glad to designate it as

## TRUSTED
